05 October 2025

Dear Parents and Caregivers,

We are excited to share an important change for the upcoming school year regarding student resources.

In 2026, there will no longer be a Student Resource Scheme (SRS). Instead, the school will provide **all necessary learning resources for every student enrolled**. This change has been made to help reduce the financial pressures on families and make it easier for everyone to access what their children need for learning.

We are committed to ensuring that students have the materials required for their learning. Families will no longer need to purchase items through a scheme or individually for learning in 2026, except for personal items such as a **pencil case or speciality stationary items** if desired.

We hope this change will make planning for the school year simpler for families, while continuing to support a high-quality learning environment for all students. If you have any questions about school resources or your child's needs, please feel free to contact me or Rhonda in the office.

Thank you for your continued support of our school community.

Warm regards,
Phoebe Huttunen
Principal
Hillview State School
